ENVIRONMENTAL SUSTAINABILITY

The BOX Seat's unique geometry and compact rotation system supports reduced raw material usage. The design structure promotes deconstruction and component replaceability. All materials are recyclable promoting conservation and environmental awareness. The BOX Seat is subject to multiple International Patent & Design Registrations.

The BOX Seat 901 model is the 'element' version of The BOX Seat range; it's everything you need and nothing that you don't.
This economical 'tip-up' stadium seat utilises the same unique rail system as all of The BOX Seat models, making it easy to upgrade your stadium in the future.
The 901 model is a clean, fresh approach to the need for spectator seating, fast.
Add clip-on padding, armrests and cupholders for an optimised, sylish finish.

THEPRODUCTPEOPLE PTY LTD © JULY 2013

The BOX Seat 901 has a set of optional quick fix armrests and cupholders.

The BOX Seat 901model is an all-polymer soft action 'tip-up' stadium seat, designed to integrate into The BOX Seat product range as an economical entry level solution.

The Box Seat range enables a venue to be fitted with the one seating system, saving installation costs, reducing maintenance and allowing seat interchangeability at any time.

The BOX Seat 901 model comes with:

- *Seat and Back come with a 5 year UV resistance colour certificate.*
- *Components moulded using recognised quality polymers.*
- *All materials are UV & FR rated as required.*
- *Compact seat width for high volume installation.*
- *Strength and Durability tested.*
- *TBS rail available in Galvanised or Powdercoated finish.*
- *TBS rail system for upgradeability.*
- *Riser mount & Tread mount options.*
- *Lens protected numbering system.*
- *Soft action 'tip-up' mechanism.*
- *Armrest & Cupholder Accessories.*
- *Budget entry level pricing.*
