ENVIRONMENTAL SUSTAINABILITY

The BOX Seat's unique geometry and compact rotation system supports reduced raw material usage. The design structure promotes deconstruction and component replaceability. All materials are recyclable promoting conservation and environmental awareness. The BOX Seat is subject to multiple International Patent & Design Registrations.

The BOX Seat 909 model is a high-backrest seating solution with a fully recessed upholstery system.

This durable tip-up Members'-style seat utilises the same unique rail system as all of The BOX Seat models.

The 909 model raises the standard in semi-upholstered spectator seating and offers many customisable features and finishes to compliment its environment.

THEPRODUCTPEOPLE PTY LTD © JULY 2013

Highly durable recessed upholstery, in a selection of commercial grade leatherette fabrics.

Multiple accessories form cup holders to rail mounted function tables are available.

The BOX Seat 909 model has an upholstered high-backrest on the front with durable polymer on the back.

The 909 model utilises commercial grade leatherette fabrics to combine quality with performance.

The BOX Seat range enables a venue to be fitted with the one seating system from VIP to the General Admission seating, saving installation costs, reducing maintenance and allowing seat interchangeability at any time.

The BOX Seat 909 model comes with:

- *Upholstered high backrest.*
- *Exclusive maintenance-free quality upholstery.*
- *All components are moulded using recognised quality polymers.*
- *All materials are UV & FR rated as required.*
- *Strength and Durability tested.*
- *TBS rail available in Galvanised or Powdercoated finish.*
- *Riser mount & Tread mount options.*
- *Soft action 'tip-up' mechanism.*
- *Optional Padded Armrest & Cupholder Accessories.*
